Art should be enjoyed for civilian

Zhang Zhidan People's Daily Overseas Edition (2009-8-3 the 7 page)

(Ye Xingqian:Flowers)

On the second floor of Beijing 798 Art bridge Gallery, the Chinese-French painter Ye Xingqian talked about painting and music with the press in a moderate tone.

Ye Xingqian has gone abroad to study painting since 19 years old, and now he is the president of Art en Voyage. His works have been selected for the International Painting Exhibition for lots of times. In his opinion, art in China has not yet become a part of human's life. The current domestic price of artworks is too high, ordinary ones can not buy a favorite painting even with a month's wages. This is due to the psychological anticipation of Chinese artists. But it is different in France, painters paint with the mentality of "working", they do not feel themselves superior. They like to sell their paintings as their products, not expect a fortune overnight. What's more, France has many small galleries, many of which just are dozens of square meters, they are maintained very well, because so many ordinary people are their customers. In France, you can buy a ticket to enjoy good music in the Paris Opera only with 8 or 10 euros, equivalent to the price of watching a movie in China. So maybe when the art is no longer high above civilian population's lives, it could achieve its ultimate value.

As the President of the Association Art en Voyage, Ye Xingqian is devoting himself to cultural exchanges between China and France. from Aug 8 to 18, 2009, Art en Voyage will organize 55 artists bring with more than 100 pieces of artworks to have a exhibition in Beijing 798 Art Bridge Gallery, China. The Association also plans to organize "Chinese Contemporary Art Exhibition" in France later.

The first "French Contemporary Art Exhibition" (Art en Voyage's first European artist exhibition in China) is held in Beijing 798 Art Bridge Gallery , from August 8 to 18 , 2009. The Art Feast is organized by Ye Xingqian—the managing director of J.P.J.E. and president of Art en.Voyage.

法国绘画展展出当代新抽象风格的画家叶星千、卡哈努法 芭啊提丝、高 芭啊提丝、根特 克乐待、百宏 达尼尔 、兰多 莫妮卡、克里皮尔 海里拉、啦卡特 艾斯特尔、爱乐比泽 法国 达利、枚乐特 法泰尔、艾尔南特 艾克多、国都 意内诗、斯里 捷克、易 皮尔、蓝博尔 蓝尔提、夏 艾马于雷、李 玛丽、艾泛时 帕

普法斯里、海克路诗 菲利普、贝尔诺 溪荔微、霞博 易风等 55 位画家的 103 件作品。这 55 位画家是当代法国及欧洲抽象艺术家中最优秀的代表者，他们出生于 20 世纪 40 到 50 年代，于 20 世纪 80 年代先后崭露头角。他们的共同特点是对抽象绘画始终不渝地热爱和始终如一的实验精神，他们的作品显示了一种共同的艺术文化渊源。这些艺术家在欧洲各城市举办展览，将欧洲的新艺术介绍给欧洲的艺术界和观众，并影响了年轻一代抽象艺术家的创作方向。这 55 位艺术家作品各具不同的绘画个性，在各自的艺术历程中进一步发展，在他们被国际艺术界注目的同时，也成为法国当代艺术的一个重要方面。

他们的作品充分展现了抽象绘画的特色，即讲求色彩、节奏、韵律、色块转换、线条运动、明暗光影交替、粗细枯湿浓淡的演化，尖锐混沌轻盈凝重的抗衡或协调。现代主义绘画所具有的形式语言的独创性和丰富性，在这些作品中都有较充分的体现，观众看到这些作品时，就能感觉到艺术家敏感细腻的视觉感受力和艺术技法处理的完美结合。

这些画作虽然都称作“抽象绘画”与“具象绘画”，却也因画家的个性不同，趣味相异，以及他们关注的形式课题不同，而使他们的绘画各具风采。

具有深厚艺术传统的法国,一直是中国艺术家向往之地。我们相信通过这次展览,中国美术家和广大观众将进一步了解法国的当代艺术,并加深两国艺术家的友情。

The association Art en Voyage's purpose is to create communication and exchanges among arts, to promote the development of cultural diversity and to contribute to the culture harmony all over the world through the organization of art exhibition and symposium.

As we all know, there is difference in different culture, artists' different artworks will bring different feelings to different viewers. So artists should not only know the true meaning of its national traditional culture, but also have the spirit of the times.

From Aug 8 to 18, Art en Voyage organizes 55 artists from France, German, Belgium, Netherlands, Switzerland and other countries bring with more than 100 pieces of artworks to have a exhibition in Beijing 798 Art Bridge Gallery, China. The purpose of this art feast is to set up a "bridge of friendship" and make efforts to promote understanding between the artist of China and Europe. This time, "Lao Jia Chat" is willing to reflect the artistic charm in the form of online video.
